## Off-set Arm

Standard off-set arm:	Model SAW5748
Dual Camera Single Arm:	Model SAW5547
Dual Camera Double Arm:	Model SAW5757
Alt off-set Arm:	Model SAW5761

Designed to suit the standard monitor housing, these arms are supplied to a length requested, generally up to a maximum length of 1600mm. Longer arms can be manufactured, but only on an individual basis as the length can become heavy and un-wieldy. This would require a tailor made design specifically for each application. 250mm is practically the shortest available.

### Finish:

N1 of RT/CE/C/002

Blast Clean to surface standard Sa3

1-coat Aluminium zinc spray DFT:150-200µm

1-coat Intergard 214 DFT: 25µm

1-coat Intercure 200 DFT: 100µm

1-coat Intercure 420 DFT: 125µm

1-coat Interthane 990 (colour to be specified) DFT: 50µm

Standard off-set arm – Model SAW5748

Manufacture to fit over a standard camera post of 114.3 dia. or 100 x 100mm square post with special adaptor – SAW5016/5.

Each arm has sealed access covers to ease cable wiring.

### Variations:

Model SAW5547 – Twin camera housing mounted on one side of the camera post.

Model SAW5757 – Twin camera housings mounted each side of the camera post.

Model SAW5761 – Single camera housing mounted one side of the camera post.

### Key Features:

**Robust construction**

**Available for 1 or 2 cameras**

**Cameras mounted above or under slung**

**Available with Square to round adapter to suit Square camera post.**

**Rust resistant coating**
