## Wall Mounted Bracket

Wall Mounted Vertical Action: Model SAW5242

Wall Mounted Horizontal Action: Model SAW5569

Two basic designs are available for this bracket, one with movement for maintenance vertically and one horizontally. One utilises the post camera housing whereas the other a canopy housing. Variations on the standard unit are available.

Model SAW5242 – Wall mounted camera bracket with maintenance movement in the vertical plane. Post mounted type camera housing is used.

Model SAW5569 – Wall mounted camera bracket with maintenance movement in the horizontal plane. Canopy camera housing is used.

### Finish:

All units are painted to individual TOC requirements, Cleaned and de-greased

1 coat Interpon APP120 cured 10min @ 160° C or 5 min @ 200° C

1 coat powder coat. (Colour to be specified) 60% Gloss, cured to manufactured spec. Film thickness 120-150µm

### Key Features:

**Robust construction**

**Rust resistant protection**

**Horizontal or vertical maintenance movement**

**Concealed cable management**
