QUALITY POLICY

It is the policy of Stead & Wilkins Limited to develop and maintain an effective Quality Management System based on ISO 9001: 2015 & EN 1090 in order that products and services provided by the Company satisfy the requirements of our Customers. The objective of the Company is to supply on time products of a Quality Standard whose workmanship, function, appearance and price, will satisfy the contractual requirements of our Customers. Where practical, the importance of sustainability and environmental factors shall be considered.

The Company endeavours to add value and improvements to design as well as meeting any Statutory and Regulatory requirements including H&S. These objectives are reviewed & analysed at the Management System Review. In recognition and acceptance of the requirements of ISO 9001: 2015 and EN 1090, and those of our Customers, the policies determined and described in the Quality Manual have the full support of the Board of Directors and are mandatory.

It is the responsibility of Company Management to administer these policies and the responsibility of all employees to be aware of the importance of their work and to safely carry out the procedures and practices referred to in the Manual and Working Procedures. We are committed to continuous improvement throughout our field of operation and to improve the effectiveness of our Quality Management System.

Signed: 

GJC Stead

Managing Director
